Welcome to 15 MINUTE GOLF!

Have you ever sat back in your chair, closed your eyes and drifted off to the links? Your thoughts jump to the moment you step out of the golf cart, grab your clubs and stroll over to the tee box. You select your club, tee the ball up and get ready to send the ball screaming at the flag. After a moment of thought and a small prayer, you swing, the club coming through with such ease but with such force that the ball rockets through the air and locks onto the green 175, 200, 215 yards away, landing just a few feet away from the hole. Your golfing partners stand there, jaws dropped and speechless. You turn away to replace the club in the bag, a smug feeling coming over you as you secretly gloat. Now that dream can become a reality.

Introducing 15 Minute Golf, the revolutionary instructional system that will teach you how to achieve the perfect swing each and every time. This system has been proven by both beginners and golf veterans, 15 Minute Golf is an easy to understand instructional video. In as little as fifteen minutes, your swing will feel natural, have effortless power, consistency and accuracy.

15 Minute Golf will eliminate the need for having to constantly buy the new equipment, take expensive lessons, read countless books and try other instructional tools. With the 15 Minute Golf system

you will have more confidence in your game, impress your playing partners with your newfound abilities and be able to enjoy the game even more.

The 15 Minute Golf system is easy and effortless to learn. You will have the tools to master a technically perfect golf swing, make impressive shots time after time and have the knowledge needed to make the adjustments for quick corrections. Men and women alike have benefited from the straight forward, no nonsense instructions that will show you the natural way to swing. Simply put, the 15 Minute Golf system will be the last learning tool you will ever need.

My sole goal is to improve your golf game.
